POSTSCRIPT!

FROM NASHVILLE.

NASHVILLE, August 28.—Thirteen bodies have been recovered from the wreck near Reynolds station. One car underneath the others and in the bed of the stream has not yet been reached. It is said to contain over twenty negro soldiers who have of course perished.

Gen. Thomas has severely reprimanded Col. Blackburn and Supt. Quinn for their cowardly and unofficer like attack on Gen. Wheeler and promised them a Court Marshal had they not been mustered out of the service.

Gold, in New York, to day, 144½.

After the adjournment of the Military Commission, in Washington, yesterday, Wirz had a long interview with his counsel. As soon as he understood they were about to abandon the case a look a pain overspread his countenance, and for a moment he scarcely seemed to comprehend the state of the case. He rose to his feet and earnestly implored his counsel not to forsake him or abandon the case. He was evidently laboring under great excitement, and said he could not face the Court alone.

The Washington Chronicle calls Mr. Montgomery Blair "a spiteful and uneasy politician"—says he displays a "most acrimonious and aggressive spirit" in his speech, towards Messrs. Seward, Chase, Stanton, Thaddeus Stevens, and others, and hopes he "will feel better after his last scold." In the meantime Mr. Blair's speech is attracting great attention in Maryland, and out of it, and it likely to lead to some new political movements.

Postmaster General Dennison yesterday accepted the tender made by the Pacific Mail steamship Company for the mail steamship service between San Francisco and Hong Kong, China, touching at Honolulu, in the Sandwich Islands, and Kanagawa, in Japan, authorized by the act of Congress. The compensation for the performance of twelve round trips per annum, out and back, is \$500,000, the company to build four first-class side-wheel steamships of from 3,500 to 4,000 tons burthen, and the first steamship of the line to leave San Francisco for China on or before the 1st of January, 1867.
